Engineering and Computer Science at CUA!

- An outstanding engineering education with strong liberal arts and ethical components.
- Small classes taught by renowned professors who are active in research and professional practice.
- A great location in Washington, D.C., for studying, working and having fun.
- Accelerated joint bachelor’s/master’s program.
- Opportunities to participate in funded research projects with faculty.
- Internships and summer programs.
- Individualized study abroad programs.
- Financial support that includes scholarships, grants, loans, work-study and payment plans.
- An exciting intercollegiate athletics program.
- A small, private Catholic university with an emphasis on Catholic values and tradition.

*To learn more about our high school summer programs that can jump-start your engineering education, go to http://engineering.cua.edu.*

**Undergraduate Degrees**

- Bachelor of Biomedical Engineering, B.B.E.
- Bachelor of Civil Engineering, B.C.E.
  Concentrations in construction or architecture and engineering
- Bachelor of Electrical Engineering, B.E.E.
  Concentration in computer engineering
- Bachelor of Science in Computer Science, B.S.C.S.
- Bachelor of Mechanical Engineering, B.M.E.
  Concentration in environmental engineering

**School of Engineering**

The Catholic University of America, School of Engineering, Washington, DC 20064
